

Emergency Preparedness

It is important to take time now and prepare.

Do you have a family plan?

Do you have an emergency preparedness kit? If not visit the NEMA website at <https://nema.nebraska.gov/files/doc/preparedness-kit.pdf> for a list of items to include in your family's kit.

Make sure your family knows where to go at home, at work, in school, at the mall or anywhere they might be when storms strike. Know where you will take shelter.

Make sure family members have necessary phone numbers.

Have a meeting place if family members are separated.

Before traveling dial 511, online at www.511.nebraska.gov, or Nebraska 511's smartphone app.

Listen to a NOAA weather radio, local news stations, radios, phone apps for latest information.
